

## **COMBINED FEDERAL CAMPAIGN #1619**

**Black Women in Sisterhood for Action, Inc. (BISA) is a nonprofit organization providing scholarship assistance to inner city young black women to continue their education in colleges, of their choice, across the country. We have been assisting these young people since 1981. We follow the students for the entire two or four years in college until they complete their undergraduate education. BISA's scholarship students and their families, when present, are provided counseling, tutoring, an 800 number, and financial assistance. BISA provides role models and mentors through its Annual Calendar of Distinguished Women and its members.**

**Your caring gift, through the CFC, will touch the lives of many more students and seniors who benefit from these vital services BISA provides and takes us a step closer to addressing a few of many problems among our people.**

**BISA IS MAKING AN INVESTMENT IN THE FUTURE OF BLACK AMERICA. YOUR PLEDGE WILL HELP!**

**THANK YOU FOR YOUR SUPPORT!**
